- We love this service! These services are so helpful, we read much more than we used to. We appreciate your thoughtfulness in providing these services.
- Library in a Bag is an excellent and most convenient way to get books from the library especially when you are not able to get out.
- The Library in a Bag is phenomenal. May it never end. I depend on it.
- I love having the books come right to my door and will continue to use this service as long as it is available.
- We have been delighted with the Library in a Bag service provided by the Burlington County Library System. In these tough economic times we feel privileged to be able to enjoy unlimited entertainment and educational opportunities at the touch of a computer key. Many thanks for this truly wonderful service.
- Terrific Service! Too often in the past, I would request a book and not be able to get to the library and pick it up.
- I can not overstate how pleased I am with the Library in a Bag program. Before Library in a Bag, I was often hesitant to order books on-line, because with a full-time job and two small children I was never sure whether I'd be able to make it to the library during opening hours within the 7 day period a book is on hold once it arrived.
- Not only am I reading more because of Library in a Bag, my seven-year-old daughter also is reading more. She and I sit at the computer together and look for books, order them, and like magic, they appear in the mailbox.
- This is great! I have two little ones and I'm grateful for the convenience.

- Now I know that I can order a book and not worry about whether I'll be able to find time to pick it up. I can drop it off in the library or supermarket drop boxes at any hour of the day or night, regardless of whether the library is open. As a result, I find that I am reading so many more books for pleasure than I have in years. These days, when I hear about a book that sounds interesting, I just look it up and order it on line. It's just fantastic. It has made such a difference to me – I honestly find myself talking to friends about books that I've been reading and telling them about how my library now mails them to me.
- I love the service as it saves me a lot of time.
- I love the option to have materials mailed-with 3 young children it is not always easy to stop by and pick up something on hold-this way I don't miss out & let the hold expire.
- I use it regularly always. Thank You for such a wonderful service. When I tell people in other library systems about it- I think many of them don't believe me.
- It absolutely saves me time and gas money! Thank you for such a wonderful and convenient service!
- I broke my femur and couldn't walk for 3 months. Library in a bag saved my life as I couldn't get to the library on my own and I am a voracious reader! Thanks so much!
- LIBRARY IN A BAG is so helpful for me because I don't have a car of my own to go to the library. My husband has to drive me to the library to pick up my books, sometimes we could not make it because he has to work and we only have one car. So, when I found out that there will be a Library in a Bag in which the books will be mailed I was so excited because finally I can borrow the books that I like and not have to worry that I would not be able to pick it up. I am thankful for having this kind of service, it helps me a lot. Thank You so much!!!
- Library in a Bag is a wonderful service. For me, it was as easy and convenient as shopping online, without the cost.
